25X1A * [REDACTED] Comment. The information confirms the large clothing depot of the GOFG in Bernau. [REDACTED] and sketch attached to it. 25X1A
The depot is in the former German Army clothing depot, Bernau, and is divided into main depot No I and branch depot No II. The depots serve Soviet troops and also deliver finished goods, i.e. articles of clothing and underwear, to the U.S.S.R. Raw material and semi-finished goods were delivered to the depot from the U.S.S.R., Czechoslovakia and the Soviet Zone of Germany. The rehiring of German workers proves that the program of discharging German personnel and replacing them by Soviet personnel did not affect all branches of supply of the Soviet Army but only those which have to observe strict security and protection against sabotage.

25X1A ** [REDACTED] Comment. The motor vehicles belong to the GOFG, the air force, the 6th Gds Mecz Div of the Fourth Gds Mecz Army and to headquarters units.
